

## FREDRICK

Fredrick James is an intelligent 14 year old who consistently scores within the top 10 on tests.

Frederick has dual goals for his life. While he wants to attend Seminary, he also plans to be a pilot.

His favorite subject is English, and he enjoys eating mangos.

## DORCAS

Dorcias John is 13 years old and the youngest of 8 children. Academically, she is an average student, but six brothers and a razor sharp mind have equipped her to be a strong competitor.. She really wants to complete her education.

Her best subjects are English, History, and Biology. She likes sports and participated in track in school competitions.

Her parents are older, and struggle to provide adequate income from their farm land.

- Purchase a uniform (about \$30)
- Buy a year of lunches (about \$50)
- Sponsor a student for a school year (\$150 - \$1500 per year)
- Make a four-year commitment to ensure your student completes 'high school'.

## KAROLINA\*

Karolina Nangay is generally the top-performing of the girl students. She placed 7th in recent two-school exam.

Karolina wants to be a teacher and likes math, science and English.

She is one of seven children including one disabled sister, Josephina. Her father is a gardener. Her mother stays at home to care for Josephina and the other children.

Karolina would be an excellent choice for a **STEM** school, but would be very excited to get sponsorship to a boarding school.

## MELIKIADI

Melikiadi Sebastiani is 13 years old and is one of five children in his family.

His father and mother farm their plot of land to support their family.

Melikiadi is a great student consistently scoring in the top ten of his class on tests, but he likes math and English best. He is also an excellent athlete, competing on the school soccer team and qualifying for advanced competition.

Malikiadi plans to be a pilot so that he can see the world.
