

ELIBARIKI*

Elibariki Paulo has a mind as bright as his smile and personality. He is an excellent candidate for a **STEM** school.

Elibariki plans to be a doctor and consistently scores in the top ten students in his class.

His mother works at a local clinic and his father works their farm. Finances are already stretched to the limit with three older brothers in secondary school or university and a younger sister following close behind.

Elibariki needs financial support to be able to pursue the medical career he strives for.

- Purchase a uniform (about \$30)
- Buy a year of lunches (about \$50)
- Sponsor a student for a school year (\$150 - \$1500 per year)
- Make a four-year commitment to ensure your student completes 'high school'.

PRISCA R

Prisca Reginald is a delight-ful 13 year old young lady with an engaging smile.

She wants to be a lawyer.

Prisca is a good, solid student and she scored a B on her national final exam. Her best subjects are English, Math, Biology, and History. She also likes to play netball and basketball.

Prisca has two brothers and three sisters.

RUTH

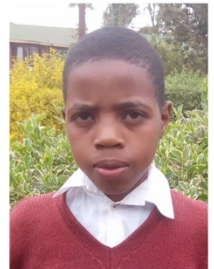

Ruth Barikieli is a 14 year old girl who has proven she has the ability to overcome even the greatest of obstacles. Despite the death of her father and the resultant financial challenges for her family, she has persevered to pass her final exam with noteworthy results.

Ruth has set her sights on being a cardio doctor. With the right support, she could reach that goal.

WILSON

Wilson Ezekiel, 13, isn't always so serious, but he is serious about his studies. He finished Class 7 in typical fashion by scoring in the top 10 of his class on the finals.

His favorite subject is English, which would work well with either of his top choices for a career: a pilot or a tour guide. His steady nature will undoubtedly help assure his success in whatever career he pursues.

He is one of four boys in his family. His father works at a local lodge; his mother is a homemaker.
